CONTAINER BASED SANITATION ALLIANCE SESSIONS AT SWWW 2022

'SERVICE SUBSIDY' FOR WATER EFFICIENT AND PRO- POOR BUSINESS MODELS

Wed 24 August
20:00-21:20
Online

We will look at decentralized models of service delivery from Haiti and India, efficient at reaching low-income communities, but with a CapEx-light, OpEx-intensive nature at odds with current subsidy models.

Convened by CBSA, our member SOIL, with BMGF, Athena Infonomics, and Safe Water Network

PUBLIC-PRIVATE PARTNERSHIPS TO ACHIEVE CITYWIDE INCLUSIVE SANITATION

Tue 30 August
14:00-15:30
Room 453 & online

This session will present the perspectives of public and private actors on the experience, motivation and challenges in establishing PPPs to implement CWIS.

Convened by CBSA, our member Sanergy, with Aquaya, WSUP, EWS, Green Cape, NWASCO, KIWASCO, & KCCA.

About the CBSA

<https://cbsa.global>

The CBSA aims to be the credible voice of Container-Based Sanitation (CBS) providers. Established in 2016, CBSA represents its members as a neutral, independent, not-for-profit association.

We promote CBS as a safe and essential component of blended, city-wide approaches to sanitation. We are helping scale the adoption of CBS by public and private providers, customers, and governments.

CBSA MEMBERS' SESSIONS AT SWWW 2022

Sanivation, Kenya

CONNECTING NON-SEWERED SANITATION TO CLIMATE FINANCE. MISSING LINKS?

Tue 23 August

13:00-14:20

[Online](#)

This session will discuss potential ways to include water and sanitation in climate resilience and mitigation plans, and funding proposals.

With CBSA member Sanivation

PARTNERSHIPS AND PRODUCTS SERVING SOCIAL PURPOSE: INNOVATING AND IMPLEMENTING AT-SCALE

Wed 24 August

13:00-14:20

[Online](#)

This session will look at the role of the private sector in funding innovation; how to choose the right partners to ensure implementation at-scale; and how to empower communities.

With CBSA member Sanergy

CREATING MARKETS AND ACCESSING FINANCE FOR INNOVATIVE SANITATION TECHNOLOGIES

Mon 29 August

9:00-10:30

[Room 453 & Online](#)

This session considers what is required to enable viable market creation for utilities to scale urban sanitation technology innovations.

With CBSA member Sanivation

INSIGHTS FROM RESULT BASED FINANCING MECHANISMS IN SANITATION

Mon 29 August

16:00-17:30

[Room 451 & Online](#)

The session will highlight RBF mechanisms in sanitation, and a discussion on how they work and why.

With CBSA member Sanergy

HOW TO CREATE INNOVATIVE WSH SERVICES WITH UTILITIES

Thu 1 September

14:00-15:30

[Room 453 & Online](#)

Learn from six innovators working in or alongside utilities to develop new water and sanitation solutions, including perspectives from utilities, entrepreneurs and organisations who support them.
